EXPERIENCE & PROJECTS

CodersCave (Web Development Intern)   09/2023

- **Online Code Editor** (Live)**:** Developed a web-based Live Code Editor, a dynamic coding environment that allows users to write, test, and preview HTML, CSS, and JavaScript code in real-time. Integrated CodeMirror, a versatile code editor library, to provide syntax highlighting.
- **URL Shortener** (Live)**:** Developed a user-friendly URL Shortener web application that simplifies the process of converting long URLs into shorter. Leveraged the "shrtco.de" API to perform URL shortening. Implemented dynamic slider functionality to display multiple shortened URLs.
- **Personal Portfolio** (Live)**:** Created a portfolio that showcase my projects and skills with following features. Responsive Design using Media Query, Navigation, Dark/Light Mode Toggle, Progress Bar, Hamburger Menu, Working contact form and Scroll Animations.
- **Rock Paper Scissor** (Live)**:** Implemented a famous game with HTML, CSS and JS. Added AutoPlay function that enables BOT gameplay.
- **Netflix Clone** (Live)**:** Designed a Responsive Clone website for a popular video streaming platform called "Netflix".
